

Setting up a blog

Creating your own blog only takes a couple of minutes and doesn't cost anything. All you need is an email address and access to an internet browser.

There are many blog-hosting options available on the internet. If you don't know where to look, we recommend one of the following options:

- www.blogger.com
- <http://en.wordpress.com/signup/>

Once you have your own blog, you can customise its look, add new entries, open posts for comments.

Don't forget to add www.aimoverseas.com.au to your blog and to send us the link to your blog. We will add it to our website and to our own blog <http://aimoverseas.blogspot.com>
